

SY 50-50 | Flat Lid Trunking 45° Outside Lid Gusset Bend

Electrix® Flat Lid Trunking 45° Gusset Bends, in 304 - V2A - 1.4301 stainless steel, are used to change direction during an installation. Our bends offer unrivalled quality & aesthetics.

Fewer coupling screws are required due to our factory fitted couplings, making the installation easier to install and easier to clean.

This IP4X / IPXXD satin (brushed) finish 45° outside lid bend is compatible with both our 50 x 50 (W x H mm) Flat Lid Trunking System & Lighting Trunking System.

Our unique system features a cover plate over each lid joint which reduces the ingress of foreign matter.

UL Listed.

SPECIFICATIONS	
Material Information	
Material Type	Stainless Steel
Material Grade	304 - V2A - 1.4301
Material Finish	Satin (Brushed)
Material Thickness (mm)	1.2
Dimensions	
Size (W x H mm)	50 x 50
Height (mm)	50
Width (mm)	50
Custom Design	Custom Designs available on request. ✓ 316L - V4A - 1.4404 material ✓ Custom sizes ✓ Alternative bend angles (e.g. 15°, 30°) ✓ Pre-lasered cable entry holes & laser cut apertures ✓ Multi-compartment ✓ Lid safety chains ✓ Lid gasket material Click here to visit The Custom Shop ↗
